

CES BIOME

Dear all,

Center for Environmental Studies (CES), University of Peradeniya, is planning on publishing the online magazine “CES BIOME”, to effectively disseminate scientific knowledge on topics related to Environmental Science to the general public in an effective manner. The magazine will entertain scientifically accurate content with environmental interests, to the public, including, but are not limited to the following topics:

- Evolution
- Biodiversity
- Conservation
- Renewables
- Climate Change
- Environmental Pollution
- Sustainable Development
- Cultural Heritage and Society
- Environment Management
- Eco Engineering

The first issue will be published in July 2022 and now we are calling for content from individuals who are interested in publishing their original work in CES BIOME. You are welcome to submit original, plagiarism / copyright free content, preferably under above-mentioned topics, as,

- Feature, comment, or opinion articles (<1,500 words)
- Botanical/zoological drawings or drawings on environmental themes
- Nature photographs
- Poems

All submissions will be evaluated by the theme editors and subject experts for scientific accuracy and relevance before publication. **Submission deadline for the first issue is June 01, 2022.** Please contact the Magazine staff for more information.
