Vice-Chancellor,
University of Peradeniya.

Dear Sir,

Notice of Trade union action on 20th January 2023

The Federation of University Teachers' Associations (FUTA) has decided to go on a one-day full-scale strike on 20th January 2023, to show how disappointed we are with the proposed inland revenue bill. FUTA wants the government to make changes to the tax bill based on its suggestions.

As a sister union of the FUTA, the Engineering Faculty Teachers Union-EFTU, decided to support the decision of the FUTA in this regard.

Accordingly, we would like to inform you that all members of EFTU will refrain from work and go on strike on 20th January 2023.

Thank you!

General Secretary,
Engineering Faculty
Teachers' Union - EFTU
