2 3-day boot camp
Ideas to Innovate
Learn to empathise, define, ideate, prototype & demonstrate ideas

1- day workshop
Design Innovation Program
Teaches you 'Innovation Creativity & Entrepreneurship'

Design Innovation Workshop 2023 will bring together 30 young individuals to take a step towards making their innovative ideas a reality. The workshop will introduce participants to concepts and skills related to creative thinking, entrepreneurship, and leadership from a multi-disciplinary perspective.

Participants will learn essential skills and mindsets of innovation through methods such as problem formulation, teamwork, creative ideation, and proof-of-concept prototyping.

Hurry up and secure a seat FREE of CHARGE for the workshop series that would otherwise cost you Rs.150,000

Selected participants will also receive support for further developing their ideas.

Designed by:
Prof. Suranga, Nanavakkara.
Recipient of the 'Young Innovators under 35' for Asia Pacific region, awarded by MIT Technology Review.
