

## **IIT Madras' Programs for International Students - Join us online at 4 pm on 15 Feb 2023!**

Dear Student,

We are thrilled to extend a warm invitation to you for our upcoming online event, "**Introducing IIT Madras' Programs for International Students**," which will take place on **February 15, 2023, at 4:00 pm**. This is an exclusive event for Sri Lankan students and we are excited to share with you the study opportunities, and scholarships available at IIT Madras.

As a premier institution, the Indian Institute of Technology Madras (IIT Madras) is dedicated to providing world-class education and training to our students. Our programs are designed to help students gain knowledge, develop 21st-century skills, and prepare them for success in their future careers. Whether you are interested in engineering and technology, science, humanities, social sciences, or management, we have something to offer.

During this online event, you will have the opportunity to learn more about our institute and our programs for students interested in pursuing Masters or Ph.D. Our experienced and knowledgeable staff will be on hand to answer your questions and share valuable insights. You will also have the chance to hear about the various scholarship options available to international students and how to apply to our programs.

Don't miss this opportunity as applications to our July 2023 intake will close soon!

Register here: <https://bit.ly/3RMjAzd> for this exciting and informative event. The virtual event link and login details will be sent to you post-registration.

We look forward to meeting you.

Best regards,

Team IIT Madras
