## Generation Google Scholarship

Generation Google Scholarship: for Women in computer science was established to help students pursuing computer science degrees excel in technology and become leaders in the field. Selected students will receive \$1,000 USD for the 2022-2023 school year. Generation Google Scholarship: for Women in computer science will be awarded based on the strength of each candidate's commitment to diversity, equity and inclusion, innovation and academic

## Build your future

---

- Responses to two short answer essay questions (Refer below)
- 15 minute “meet and greet” per shortlist participant
- Google Online Challenge (Invitation to the challenge will be sent 5-7 working days post application deadline)

Note: Google Online Challenge solely serves as an additional data point when reviewing your application holistically.

### Essay Questions:

The two short answer essay questions below are intended to assess your commitment to diversity, equity, and inclusion, and financial need. Each response to the two questions below should be written in English and be 400 words or less.

1. What is a significant challenge that you believe women in the tech industry face and how do you see yourself being part of the solution(s) to this challenge? Keep in mind that impact can happen in many ways and at different scales.
2. What impact would receiving this scholarship have on your education? Describe any circumstances affecting your need for a scholarship and what educational goals this scholarship will enable you to accomplish.

**IMPORTANT:** Before starting the application, please have the following ready for upload:

- PDF copy of your resume
- PDF copy of your current or most recent transcript (unofficial is acceptable)
- PDF copy of your two short answer responses

**Applications are currently closed. Check back in early 2023.**
